

LIFE12 ENV/IT/000633

EFSA – IPAM day

3rd LIFE-EDESIA workshop on

Endocrine Disruptors and the alternative methods to animal testing – a scientific and regulatory perspective

jointly organized by

European Food Safety Authorities (EFSA)

Italian Platform of Alternative Methods (IPAM)

LIFE-EDESIA project – Istituto Superiore di Sanità (ISS)

University of Parma

February 28th, 2018

Workshop venue

Via Carlo Magno, 1A
43126 Parma PR, Italy
Room 00/M07

PROGRAMME February 28th - Wednesday

09.00-09.30 ***Registration***

09.30-09.45 ***Welcome address***

Hans VERHAGEN (Head of EFSA's RASA department, Parma)

09.45-10.05 *OECD and testing on chemicals: why and how a test guideline is adopted*

Gabriele AQUILINA (ISS, Istituto Superiore di Sanità, Roma)

10.10-10.30 *The 3Rs principle within the EU policies*

Isabella DE ANGELIS (IPAM, ISS, Istituto Superiore di Sanità, Roma))

10.35-10.55 *Endocrine Disruptors and the in vitro alternative methods to animal testing*

Stefano LORENZETTI (IPAM, ISS, Istituto Superiore di Sanità, Roma)

11.00-11.30 ***coffee break***

11.30-11.50 *An in silico approach to Endocrine Disruptors: the QSAR view*

Emilio BENFENATI (IRCCS-IRFMN, Istituto Ricerche Famacologiche Mario Negri, Milano)

11.55-12.15 *An in silico approach to Endocrine Disruptors: the molecular modelling view*

Pietro COZZINI (UniPR)

12.15-12.45 ***Discussion***

12.45-14.30 ***lunch break***

14.30-14.50 *Exploring hazard for Endocrine Active Substances*

Andrea TERRON (PRAS Unit, EFSA, Parma)

14.55-15.15 *In vitro development of alternative testing: from monolayered cells to organoids*

Costanza ROVIDA (CAAT Europe)

15.20-15.40 ***Discussion***

15.40-16.00 ***Wrap up***

Scientific Committee

Pietro COZZINI – University of Parma, Parma (I)

Stefano LORENZETTI – LIFE-EDESIA project manager, IPAM secretariat, Department of Veterinary Public Health, Nutrition and Food Safety, Istituto Superiore di Sanità (ISS), Rome (I)

Isabella DE ANGELIS – IPAM President, Istituto Superiore di Sanità (ISS), Rome (I)

Stylianos KOULOURIS – Engagement & Cooperation Unit, EFSA

Acknowledgements

The organization of the LIFE-EDESIA workshops are made possible by the support of the European Food Safety Authority (EFSA) and by the Italian Platform of Alternative Methods (IPAM; www.ipam.it). The event is organized within the frame of the After-Life communication activities of the LIFE-EDESIA project (LIFE12 ENV/IT/000633; www.iss.it/life; life.edesia@iss.it).
